

## **CCIDC Questions and Answers**

Q.1 Will the Offerors' comments (as opposed to questions) be posted like the Offerors' questions even though the Government is not responding to the comments?

The Government will not publicly release (post) comments provided by prospective offerors on the CCP IDC draft RFP.

Q.2 Even if the comments are not posted, will the comments of one potential Offeror otherwise be available (either through the FOIA or alternate mechanism) to the public or to other potential Offerors?

It is the Government practice not to disclose to the public or other prospective offerors voluntarily provided draft RFP comments containing information that the provider would not customarily make available to the public.

Q.3 Is there a way to provide comments to the DRFP that will not be shared or available to the public or other potential Offerors?

The Government will not post voluntarily provided comments from Industry on a draft RFP. The Government has an interest in protecting such voluntarily provided information from disclosure to ensure that it will continue to receive meaningful comments on future DRFPs for other acquisitions.
